As the implementation date for increased BEE targets approaches, practitioners are still unsure about when the new targets become effective. The Codes of Good practice define stepped targets for the elements of Employment Equity and Procurement and stipulate simply that they should be applied from Year 6 to Year 10.

In human resources context, turnover is the act of replacing an employee with a new employee. Partings between organizations and employees may consist of termination, retirement, death, interagency transfers, and resignations. An organization's turnover is measured as a percentage rate, which is referred to as its turnover rate.

Climate-smart agriculture (CSA) goes beyond new technologies and practices like drought resistant varieties or precision farming. To achieve the multiple objectives of productivity and food security, enhanced farmer resilience and reduced greenhouse gas emissions, CSA must adopt various systems perspectives. These include landscapes and ecosystems, as well as value chains.
