In despair, Psyche might have leaped to her death. Before she could, she felt herself lifted into the air. Zephyrus, the gentle west wind, had taken pity on the girl, and gently carried her to a faraway palace, to the home of his good friend, Eros, the lonely god of Love. Eros was a handsome young man, but he had a pair of very big wings.

This book was so much better than the first one. The reader gets to see how Psyche is "sacrificed" to a monstrous creature to become her husband because tragedy keeps striking her village. I really think that was shitty on the part of the villagers to do that to her and on the part of Eros to influence events like that.

Eros was a legendary magical card game that had its origins in the decadently wicked Masked Gentlemen's Clubs of the late eighteenth and early nineteenth centuries in England. The objective was rather simple: you played from the time the first card was turned until the final question card was read, and all turns had come to a close.
