Creating a Training Strategy and Evaluating Effectiveness

Capacity building (or capacity development) is the process by which individuals and organizations obtain, improve, and retain the skills, knowledge, tools, equipment and other resources needed to do their jobs competently or to a greater capacity (larger scale, larger audience, larger impact, etc). Capacity building and capacity development are often used interchangeably.

HR Toolbox. In Human Resources, our job is to support the needs of our university employees. Forms, documentation and other communication are essential to ensuring that you have access to the wealth of resources you need to achieve success.

HR Toolbox - Human Resources | University of South Carolina

In recent years, information technology has had a profound effect on human resources (HR) processes and practices. However, relatively little research has examined its effectiveness, and most of the existing studies have not assessed the degree to which these new systems enable organizations to reach their HR goals of attracting, motivating and retaining employees.

The influence of technology on the future of human

The Online Writing Lab (OWL) at Purdue University houses writing resources and instructional material, and we provide these as a free service of the Writing Lab at Purdue.
