

exploring creation with zoology pdf

Introduce your young naturalists to plants---their structure, propagation, classification, and more---with this engaging yearlong classical science curriculum. Influenced by Charlotte Mason and the living books philosophy, homeschooling mother Jeannie Fulbright writes as if she were chatting with her own children, defining and explaining at their comprehension level.

Exploring Creation with Botany, Textbook: Jeannie

Apologia Educational Ministries offers creation based homeschool science, other curriculum, and many other great homeschool resources.

Apologia offers homeschool science, worldview, math

Young Earth creationism (YEC) is a form of creationism, a religious belief, which holds that the universe, Earth, and all life on Earth were created by direct acts of God less than 10,000 years ago. Its primary adherents are Christians who subscribe to a literal interpretation of the creation narrative in the Bible's Book of Genesis and believe that God created the Earth in six 24-hour days.
