A banana is an edible fruit – botanically a berry – produced by several kinds of large herbaceous flowering plants in the genus *Musa*. In some countries, bananas used for cooking may be called "plantains", distinguishing them from dessert bananas. The fruit is variable in size, color, and firmness, but is usually elongated and curved, with soft flesh rich in starch covered with a rind, which ...

My heart pattered with fear when I touched down in Sydney way back in 2008. That was the first day of my yearlong round the world trip. With very little information online about long-term travel back then, I set out to document my trip, but also share all the practical details, too. For nearly a decade, I have used this page to share all the nitty gritty details of planning world travel and ...
