

### **five pioneers of photography pdf**

Photography began in remote antiquity with the discovery of two critical principles; the camera obscura image projection and the observation that some substances are visibly altered by exposure to light. Apart from a possibly photographic but unrecognised process used on the Turin Shroud there are no artefacts or descriptions that indicate any attempt to capture images with light sensitive ...

Aviation pioneers are people directly and indirectly responsible for the advancement of flight, including people who worked to achieve manned flight before the invention of aircraft, as well as others who achieved significant "firsts" in aviation after heavier-than-air flight became routine. Pioneers of aviation have contributed to the development of aeronautics in one or more ways: through ...
