These three documents show the progression of the statutory objectives from the new National Curriculum for 2014. Each document organises one of the areas (Reading, Writing and Mathematics) into strands, and then shows the relevant objectives for each year group to help schools to identify the progression of skills and knowledge, and also to organise assessment opportunities through aspects ...

Progression for English and Maths (new curriculum) by

Mathematics (from Greek μάθημα, "knowledge, study, learning") includes the study of such topics as quantity, structure, space, and change.. Mathematicians seek and use patterns to formulate new conjectures; they resolve the truth or falsity of conjectures by mathematical proof. When mathematical structures are good models of real phenomena, then mathematical reasoning can ...

MASCOS at UQ: Activities - University of Queensland

The area of study known as the history of mathematics is primarily an investigation into the origin of discoveries in mathematics and, to a lesser extent, an investigation into the mathematical methods and notation of the past. Before the modern age and the worldwide spread of knowledge, written examples of new mathematical developments have come to light only in a few locales.
