Abstract. In a world where cloud and mobile technologies have eliminated the barriers of communication and collaboration across borders, oceans and time zones, project-centric organizations are increasingly mining the world for the best talent to deliver quality goods and services.

Global Project Management - Project Perfect

Project management is the practice of initiating, planning, executing, controlling, and closing the work of a team to achieve specific goals and meet specific success criteria at the specified time. A project is a temporary endeavor designed to produce a unique product, service or result with a defined beginning and end (usually time-constrained, and often constrained by funding or staffing ...
