Note-taking (sometimes written as notetaking or note taking) is the practice of recording information captured from another source. By taking notes, the writer records the essence of the information, freeing their mind from having to recall everything. Notes are commonly drawn from a transient source, such as an oral discussion at a meeting, or a lecture (notes of a meeting are usually called ...

Can we just use spell checkers? Abstract: The importance of spelling has been questioned in recent years, as word processing programs are equipped with spell checkers, and some educational reformists have suggested that focusing on spelling holds back the creative processes of writing and that students will naturally develop spelling skills through reading.
