An atlas is a collection of maps; it is typically a bundle of maps of Earth or a region of Earth.. Atlases have traditionally been bound into book form, but today many atlases are in multimedia formats. In addition to presenting geographic features and political boundaries, many atlases often feature geopolitical, social, religious and economic statistics. ...

"Any given method is only as effective as its implementation." Grammar-Translation Method (1890s-1930s): Around the turn-of-the-century, language students often translated cumbersome volumes from Classical Greek or Latin into English via this approach. It consisted mainly of exhaustive use of dictionaries, explanations of grammatical rules (in English), some sample sentences, and exercise ...
