

homeopathy and mental health pdf

University of South Florida. Community Event 44th Anniversary Celebration and Awards Ceremony

USF Louis de la Parte Florida Mental Health Institute

Homeopathy or homöopathy is a system of alternative medicine created in 1796 by Samuel Hahnemann, based on his doctrine of like cures like (similia similibus curentur), a claim that a substance that causes the symptoms of a disease in healthy people would cure similar symptoms in sick people. Homeopathy is a pseudoscience – a belief that is incorrectly presented as scientific.

Homeopathy - Wikipedia

Homeopathy is a "treatment" based on the use of highly diluted substances, which practitioners claim can cause the body to heal itself. A 2010 House of Commons Science and Technology Committee report on homeopathy said that homeopathic remedies perform no better than placebos (dummy treatments). The review also said that the principles on which homeopathy is based are "scientifically implausible".
