how to attract butterflies pdf

Butterflies and flowers were made for each other, and there are certain flowers that butterflies absolutely love to be around. As a French poet once pointed out, "butterflies are flying flowers, and flowers are tethered butterflies." Here are some of the best plants that attract butterflies!

Plants that Attract Butterflies: The Best Plants for

University of Florida, Institute of Food and Agricultural Sciences Extension outreach is a partnership between state, federal, and county governments to provide scientific knowledge and expertise to the public. The University of Florida (UF), together with Florida A&M University (FAMU), administers the Florida Cooperative Extension Service.

Solutions for Your Life - UF/IFAS Extension

Butterfly gardening is designed to create an environment that attracts butterflies, as well as certain moths. Butterfly gardening is often aimed at inviting those butterflies and moths to lay eggs as well. Because some plants are not fed upon by adult butterflies, the caterpillar host should also be planted for a bigger population of butterflies. . Butterflies typically feed on the nectar of ...

Plant lists are available to download below in PDF format. United States Recommended native plants that are highly attractive to pollinators such as native bees, honey bees, butterflies, moths, and hummingbirds, and are well-suited for small-scale plantings in gardens, on business and school campuses, in urban greenspaces, and in farm field borders.

Pollinator-Friendly Plant Lists - The Xerces Society

Pollinators need your help! There is increasing evidence that many pollinators are in decline. However, there are some simple things you can do at home to encourage pollinator diversity and abundance.

Pollinators: How You Can Help

One of the most important ways you can help pollinators is by provisioning your yard with plants that provide pollen and nectar. To attract butterflies, you will also need to include a variety of larval host plants for caterpillars to eat.
