Master data represents the business objects that contain the most valuable, agreed upon information shared across an organization. It can cover relatively static reference data, transactional, unstructured, analytical, hierarchical and metadata. It is the primary focus of the information technology (IT) discipline of master data management (MDM).. Master data is usually non-transactional in ...

Atlantic Highlands is a small Victorian town on the New Jersey shore overlooking lower New York Bay, with Manhattan in the distance. Its hills include the highest point on the eastern seaboard south of Maine. Many of Atlantic Highlands' Victorian homes have been preserved and restored, adding to the charm of small-town living and providing interesting walking tours in the historic district.
